

WINAD

Free Non-Conference Game Scheduling Tool for D-I Men's Basketball – Fact Sheet

Win AD Schedule is a free scheduling tool that is available for every D-I administrator and conference to schedule non-conference games in Men's Basketball.

With *Win AD* Schedule, you will enjoy these features behind secure log in:

1. Create and maintain your own schedule in a secure environment.
2. Search for open dates and build custom lists of potential opponents that match your non-conference game scheduling needs by filtering relevant team data:
 - a. Record & Performance – 5 year W/L & RPI trends, post season appearances;
 - b. Fit – sort by availability, sub-division, conference; RPI and travel distance;
 - c. Price – a client-only feature, *Win AD* clients will see buy and sell amounts as well as liquidated damages plus non cash consideration
3. Study detailed team & player data to find best-fit opponents (including current depth chart, PPG, RPG and Assist % returning, incoming recruits, available transfers - 3,500+ players total).
4. Reach a broad audience by posting and emailing a description of each non-conference game you want to schedule, viewable by all with decision-making authority for scheduling across D-I.
5. Search and review posts of games other non-conference schools want to schedule and have made viewable to the entire D-I audience.

"Win AD Schedule is light years ahead of anything else that is available for men's basketball scheduling."

Dan Van Ackeren, University of Denver
Senior Associate Athletic Director/
Chief Financial Officer
