

Vendors Database – Fact Sheet

Win AD's Vendors database: Comprehensive online, searchable database of revenue-based contracts including multi-media, apparel, pouring, ticketing, trademark licensing, and concessions.

We built the Vendors database to support long-term planning, contract negotiations, benchmarking and trend analysis by providing access to thousands of pages of major revenue deals.

Are pouring rights providers also offering scholarship contributions?

What is the standard length of apparel rights contracts in D-II

What are the revenue-sharing thresholds for multimedia rights deals in the Lone Star, MIAA, or CCAA Conference?

Do other programs in our state combine athletics and campus pouring rights?

How much free equipment are conference peers receiving from apparel rights deals?

Win AD's Vendors database is designed for every AD who wants to optimize major revenue agreement negotiations and maintain continuous knowledge of market rates using a library of current, PDF agreements.

" We can quickly and easily position ourselves to optimize our next major revenue deal. "
